Re: Request for Open Records Opinion case 2017030637 – MuckRock News

Dear Attorney General Paxton;

This is a supplement to the letter we sent to you on February 12, 2019. Exhibit C is the 911 call that was requested. We have enclosed a copy of that letter for your reference. The same exception to release applies to this recording.

This incident ended in something other than conviction or deferred adjudication. Section 552.108(a)(2) protects information that relates to a concluded criminal investigation or prosecution that did not result in conviction or deferred adjudication. A governmental body that claims section 552.108(a)(2) must demonstrate that the requested information relates to a criminal investigation that has concluded in a final result other than a conviction or deferred adjudication. See Gov't Code §§ 552.108(a)(2), .301(e)(1)(A). In this case the offender died so there was no case filed.

The City of Beaumont respectfully requests a letter ruling from your office as to the enclosed information being excepted from disclosure. The information is being withheld pending your decision.

Thank you for your assistance.

Respectfully submitted,

Judy Hickman

Re: Request for Open Records Opinion case 2017030637 – MuckRock News

Dear Attorney General Paxton;

Enclosed please find a request for records, Exhibit A, which was received by the City of Beaumont on 01/31/19. The public copy of the report is available to the requestor. This request for an opinion is timely. We will supplement the 911 call within 5 business days.

The requestor in Exhibit A asks for the 911 call, police report, notes and supplement reports as well as photos, gun powder residue test results, witness statements and other information related to the case.

Exhibit B is the records that were requested. This incident ended in something other than conviction or deferred adjudication. Section 552.108(a)(2) protects information that relates to a concluded criminal investigation or prosecution that did not result in conviction or deferred adjudication. A governmental body that claims section 552.108(a)(2) must demonstrate that the requested information relates to a criminal investigation that has concluded in a final result other than a conviction or deferred adjudication. See Gov't Code §§ 552.108(a)(2), .301(e)(1)(A). In this case the offender died so there was no case filed.

If you rule we should release this information there is a date of birth, license plate number, a gun serial number and a gun trace report that are confidential by law. Image Img_8748 shows the serial number of the gun. There is video showing the license plate of a car. We cannot redact an image or a video so we seek to withhold these.

Section 552.101 protects someone's date of birth from being released to the public. The Third Court of Appeals looked to the supreme court's rationale in Texas Comptroller of Public Accounts v. Attorney General of Texas, 354 S.W.3d 336 (Tex. 2010). Paxton v. City of Dallas, No. 03-13-00546-CV, 2015 WL 3394061. At *3(Tex.App.-Austin May 22, 2015, pet. Denied)(mem.op.). The Supreme Court concluded public employees' dates of birth are private under section 552.102 of the Government Code because the employees' privacy interest substantially outweighed the negligible public interest in disclosure. Texas Comptroller, 354 S.W.3d at 347-48. Based on Texas Comptroller, the court of appeals concluded the privacy rights of public employees apply equally to public citizens, and thus, public citizens' dates of birth are also protected by common-law privacy pursuant to section 552.101.

Section 552.130 of the Government Code provides information relating to a motor vehicle operator's license, driver's license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country is excepted from public release. See Gov't Code § 552.130.

Section 552.108(b)(1) of the Government Code excepts from disclosure "an internal record or notation of a law enforcement agency or prosecutor that is maintained for internal use in matters relating to law enforcement or prosecution ... if ... release of the internal record or notation would interfere with law enforcement or prosecution." Gov't Code § 552.108(b)(1); see City of Fort Worth v. Cornyn, 86 S.W.3d at 327 (Tex. App.-Austin 2002, no pet.) (Gov't Code 552.108(b)(1) protects information that, if released, would permit private citizens to anticipate weaknesses in police department, avoid detection, jeopardize officer safety, and generally undermine police efforts to effectuate state laws). This includes firearm serial numbers that could be used on illegal firearms or falsely used in missing weapons reports. This would interfere with law enforcement.

Section 552.101 of the Government Code also encompasses information made confidential by other statutes. Public Law number 112-55 state in pertinent part: During the current fiscal year and in each fiscal year thereafter, no funds appropriated under the Consolidated and Further Continuing Appropriations Act, 2012 or any other act may be used to disclose part or all of the contents of the Firearms Trace System database maintained by the National Trace Center of the ATF or any information required to be kept by licenses pursuant to section 923(g) of title 18, United States Code, or required to be reported pursuant to paragraphs (3) and (7) of such section, except to: (1) a Federal, State, local, or tribal law enforcement agency, or a Federal, State, or local prosecutor . . . unless such disclosure of such data to an[] . . . entity describe in (1) . . . of this proviso would compromise the identity of any undercover law enforcement officer of confidential informant, or interfere with any case under investigation; and no person or entity described in (1) . . . shall knowingly and publicly disclose such data; and all such data shall be immune from legal process, shall not be subject to subpoena or other discovery, shall be inadmissible in evidence, and shall not be used, relied on, or disclosed in any manner, nor shall testimony or other evidence be permitted base on the data, in a civil action in any State.
